Dearest Doll,

I have 15 minutes to spare before I have to go to this "wretched" cocktail party. I thought that I would dash off a couple of lines. After the ding I will write another & tell you what I have been doing today.

Do you like the wistery paper? I have 7 other cards & I shall send one with a note on this paper in an envelope to a few other people like Mrs Hunter, Mum, Mrs Van, my mother and anyone else I can think of.

Time to shove off. See you later. Kissi
& love from

Henry.
